FOOTHILLS RETAC

The Foothills
RETAC invites
you to attend:

**Building and
Exercising
your Agency
MCI Plan**
A practical Guide to
Planning for and
Managing an MCI Event

April 9 and 10
2010 in
Lakewood, Co.

Is YOUR Agency Ready?

Does YOUR agency Have an Effective MCI Plan?

This class
will give
agencies
the tools

they need to build and exercise
an effective MCI Plan. The
course provides:

- MCI Overview
- Medical Management of an MCI Event
- How to write an effective Policy/Plan that works within YOUR system
- The tools you need to work within the total MCI system
- Hands-on scenarios
- Medical Communications tools
- A live exercise
- Administrative and Operations Tracks

Starting an MCI successfully will determine the entire Event

Who is usually the first to arrive
on the scene of an MCI in YOUR
jurisdiction?

How does that affect your
responsibilities and actions?

- Medical Branch MCI Operations from START to finish
- Learn how to put information learned in this class to use within your system.
- Learn how to train your crews in effective MCI management. Utilizing "Best Practices" and planning.
- Patient Destination Discussion
- Effective Medical Communications Options
- START Triage
- MCI Field Guide
- Medical Resource Guide
- Walk through an MCI event while planning for your region

Two Tracks offered: Administrative and Operations

- Classroom Discussion for both tracks on Day 1
- On Day 2 "Administration" track will concentrate on writing their own agency MCI plan utilizing templates and best practices learned in the classroom AND
- Run through tabletop scenarios to practically test their plan
- On Day 2 The "Operations" track will run through "hands-on" scenarios applicable to their system with interactive discussions
- Afternoon of Day 2, both tracks come together for a live exercise conducted outside at the Training Center. AND
- Discuss lessons learned.
